Please find attached an annotated version. There are still some gaps that I will need the unit managers to fill in. Running this by the two of you first though for your review, with a cc: to Dan. Also, Heather will not be in attendance for the afternoon. So I am expecting to adjust the order based on her interest and need to participate. (I have asked for her input.) I would also appreciate your input on which topics you see as "Heather critical". Thanks, Michelle
